

Nebraska's SNAP Income Limit Has Gone Up!

Nebraska's Supplemental Nutrition Assistance Program (SNAP) is changing for the better! Now more people qualify for support buying groceries, even as they take raises at work.

YOU MAY NOW QUALIFY FOR BENEFITS!

SNAP is designed to provide food support to individuals and families struggling to make ends meet because of disability, lack of opportunity, or emergencies like the COVID-19 pandemic. Check your eligibility to see if you qualify or can start taking raises at work and maintain benefits!
