Options for Responding on Your Own

**Online**
For the first time, the Census Bureau will promote online responses as the preferred approach. The Census Bureau’s mailing will include an ID code for the person responding for each household to enter when they respond online. However, if respondents don’t have an ID code, they can enter their home address instead.

**Telephone**
The Census Bureau will have an 800 number people can call.

**Paper Forms**
Paper forms will be mailed in April to households that have not responded online.
